# Internal Audit

## Awareness & Internal Auditor Training on ISO 14001:2015 (IA-14001:2015)

### Course Overview

This course includes a detailed review of ISO 14001:2015 standard, process mapping, auditing techniques, corrective action analysis and evaluation, reporting, and much more. It is the perfect class for beginners to auditing and the ISO standard or those seeking a refresher course. This is currently the most dynamic course available anywhere in the world, due to the progressive, hands-on approach.

### Course Objective

- Interpret the requirements of ISO 14001
- Ensure the correct application of accepted audit protocols for EMS
- Plan and undertake internal audits
- Facilitate value-added auditing and reporting to aid enhanced system performance

### Who Should attend the Course?

- Those wishing to implement an EMS that have little in place, or are in the early stages of development of their EMS
- Those wishing to update their ISO 14001, Environmental management system in such a manner that it facilitates the opportunity for embracing other systems

## Course Content

- Interpreting ISO 14001:2015: – A clause-by-clause review and interpretation of ISO 14001:2015.
