

ISO 45001:2018

Occupational Health & Safety Management System

ISO 45001, Occupational Health & Safety (OH&S) management system is the world's first OH&S ISO standard. Its focus on risk prevention, innovation, and continual improvement will benefit organizations with the foresight to achieve this global standard through improved organizational resilience.

Why it is needed?

- *To Prevent low morale owing to high accident rates*
- *To sustain company business & profit*
- *To Organize and self-regulate OHS efforts with legal compliance*
- *To eliminate/minimize exposure of employees and other interested parties*
- *To implement & maintain improve your OHSMS & OHS performance*
- *To assure and demonstrate to others-conformance to own OHS policy*
- *To project company image & to market-differentiate with sales expansion and manpower stability*

Benefits of ISO 45001:2018

- *Improves productivity through the reduction of workplace accidents*
- *Prevents costs related to accidents*
- *Helps to eliminate or minimize risks for stakeholders through the identification of hazards and control measures to manage them*
- *Credibility and image improved among stakeholders, customers, and the public*
- *Legislative compliance and awareness – With OHSAS / SS, the system ensures you are compliant with the latest laws and legislation.*
