

ISO 9001:2015

Quality Management System(QMS)

ISO 9001:2015 is a quality management system (QMS). Organizations use the standard to demonstrate the ability to consistently provide products and services that meet customer and other stakeholders statutory and regulatory requirements.

Why it is needed?

- *Instant Market Recognition – with the ISO 9001 certificate and logo;*
- *Following the market trend – to meet customer demands;*
- *Improved customer relationship with better management & control – hence increased sales and market share;*
- *Towards business excellence and profit sustainability – through knowledge management;*
- *Reduced operating costs – through management & work standardization, prevention of repetitive mistakes and reinventing the wheels.*

Benefits of ISO 9001:2015

- *Creates a more efficient, effective operation*
- *Increases customer satisfaction and retention*
- *Reduces audits, Enhances marketing*
- *Improves employee motivation, awareness, and morale*
- *Promotes international trade*
- *Increases profit*
- *Reduces waste and increases productivity*
- *A common tool for standardization*
